

## danceScape Performance Ensemble Expression of Interest

### Community Storytelling Through Ballroom & Latin Dance

Thank you for your interest in the **danceScape Performance Ensemble**.

The Ensemble is a community arts initiative that transforms real stories into movement through Ballroom and Latin dance. Our productions celebrate culture, connection and belonging while creating meaningful opportunities for danceScape students to share dance beyond the studio.

Each performance is inspired by the people and communities around us and may explore themes such as immigration, family traditions, resilience, health journeys, friendship, celebration and cultural heritage.

The Ensemble operates on a **project basis**, meaning different productions may require different combinations of dancers depending on the story being told. Submitting this Expression of Interest simply lets us know that you would like to hear about future opportunities.

There is **no obligation** and **no guarantee of participation**. As projects develop, we may contact dancers whose experience, interests and availability align with a particular production.
